

# Find your inspiration in the North West

The North West of England is made up of historic towns, majestic lakes and mountains, 1,000km of changing coastline and two of the UK's most culturally iconic cities; Manchester and Liverpool. It is perhaps no surprise that the North West has provided the backdrop for a huge array of productions on the small and large screen.

Our extensive range of film friendly locations combined with our highly skilled crew base makes the North West an extremely attractive and cost effective place to shoot. Served by three international airports; and just two hours by train from London.

## The North West Production Liaison Service

Here to support all aspects of filming in the region; we offer a fast and confidential service to facilitate your production.

How we can help –

- Location finding service, which includes our online locations database
- Facilitating relationships with local services
- Familiarisation visits
- Introductions to Location Managers, Scouts and other local crew
- Advice on post-production and other regional facilities
- Access to regional studios and build space of all sizes; up to 100,000 sq ft - including MediaCityUK - the largest HD studio facility in Europe and home to BBC North

We hope this book serves as an inspirational introduction to the diverse locations on offer in the North West of England.

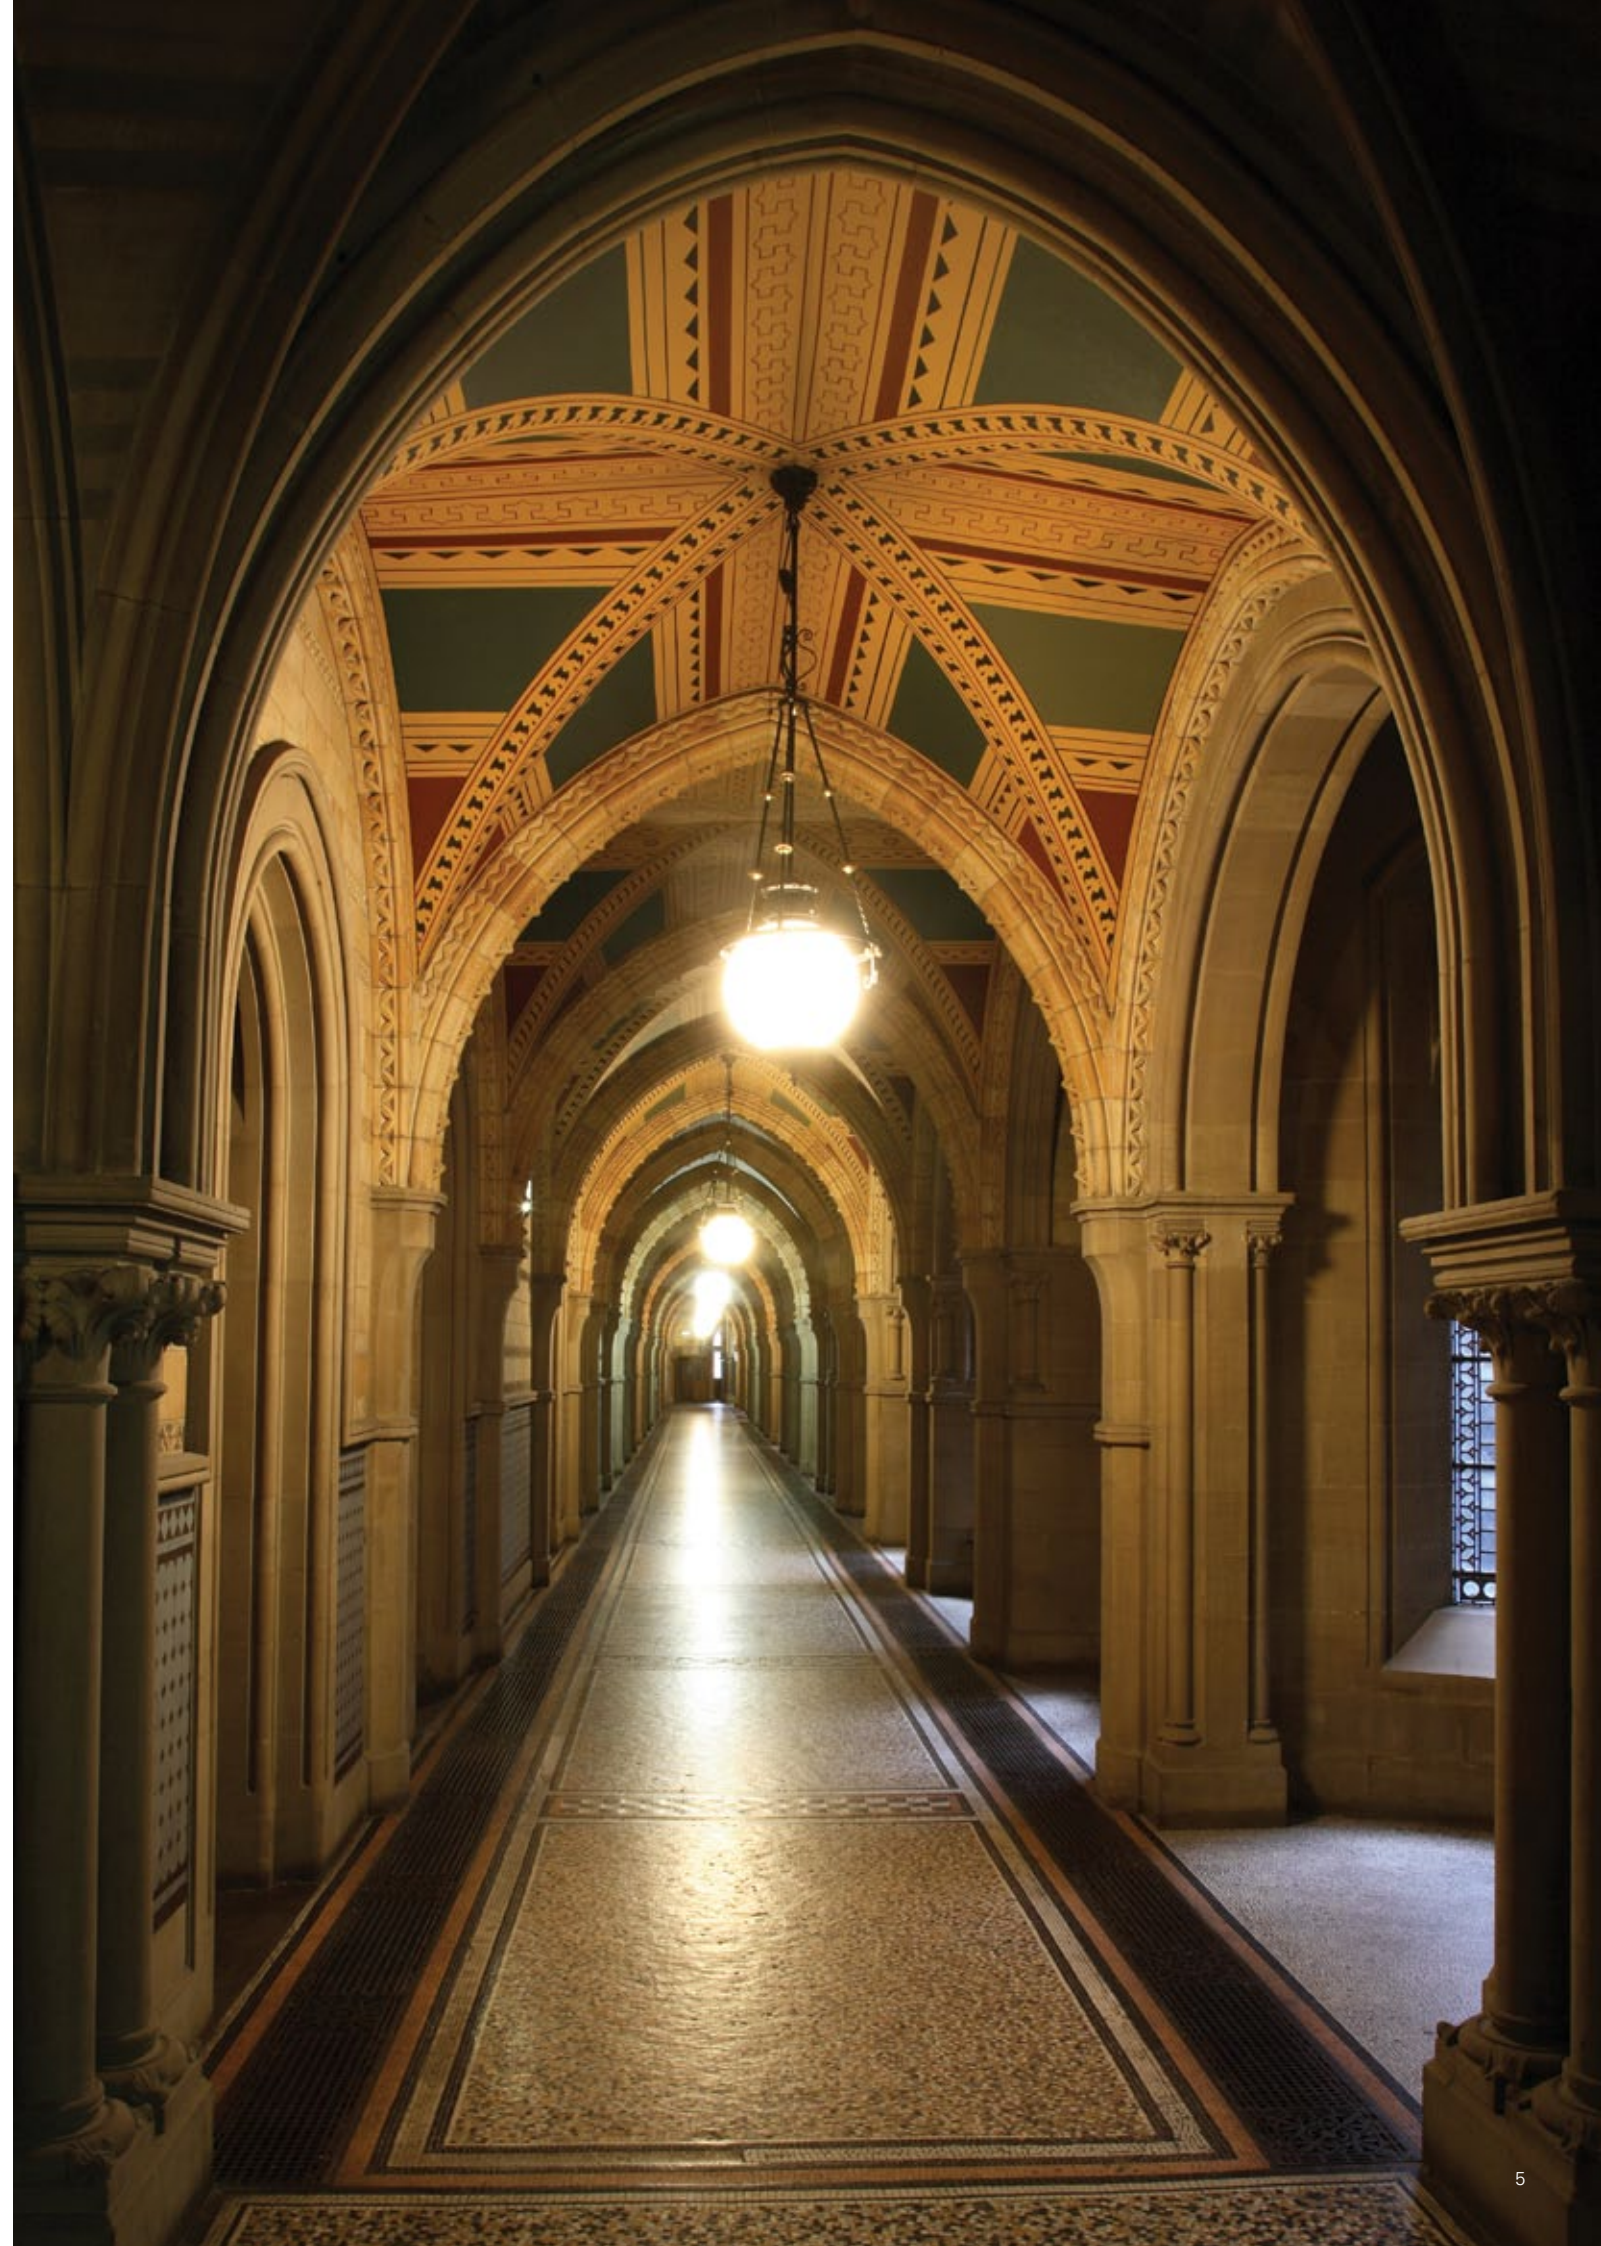

Contact us for more information on how we can help you with your next production.
